-Mission Statement-

We seek to provide an environment of stability in which each child will be motivated to attain his or her maximum potential in the learning of skills necessary for mental, physical, social, and creative development. It is our desire to encourage a cooperative home-school-community relationship so that each child will become a productive, caring, and contributing citizen. We will strive to maintain a positive atmosphere where good things happen for all children.

Sellersburg Elementary

"Where good things happen to all children", has been the mission of Sellersburg Elementary for nearly 125 years. We are the smallest of four elementary facilities to serve the West Clark Community Schools, with a current enrollment of 235 children from grades 2 through 6. Our staff consists of 18 certified teachers in a variety of areas, 15 classified staff members, a nurse, a speech/hearing clinician, a counselor, a Title I coordinator and a gifted/talented coordinator.

The present three story brick building was completed in March 1933, with eight classrooms, an assembly room with stage, and two rooms that were used as an office and storage room. Four classrooms and kitchen were added in 1954, and a gymnasium and art/music room were added in 1974.

This building is the third "Sellersburg School" to occupy the same site. The first building being erected in 1870, the second in 1912. Both of these housed grades one through eight, and high school subjects were offered from 1900 through 1911.

Sellersburg Elementary has offered traditional services to the community for much of its 125 years. However, as the demographics have changed, so have the service needs. We currently experience a 20% annual turnover in student population and have seen the number of free and reduced lunch participants increase to 40% of the total student population. We have added a breakfast program which serves approximately 50 students daily.

The students of Sellersburg have consistently been at or above predicted performance levels on stat achievement testing. Hence, Sellersburg Elementary has been consistently a recipient of incentive monies.

OUR VIETNAM VETS

(A poem donated by..... CEE J. BEE)

4/18/95

We all must remember the Vietnam War,
In my heart I'm hurt, angry and very sore.
The way our men were treated when they came home,
The slurs, the names they were called by some.
